

JOY! Magazine

Here to support small businesses

In these really trying times in our nation, JOY realises the immense pressure that has been placed on smaller businesses during this national lockdown. Many are seeing a lack of income, and are looking at new promising ways to sustain and improve their marketing and output as a viable business. JOY understands that not everyone is able to spend exorbitant amounts of money on boosting their business, with little to no guarantee of traction. We also realise that many do not have the resources and opportunities to get more exposure through their own efforts.

In this time, JOY finds itself in a privileged position to assist those who find their businesses struggling. Over the years, JOY has spent much time and effort perfecting our multiple print and digital platforms, and can happily offer the following extremely discounted lifelines for small businesses:

GOLD PACKAGE: Only R3500 ex VAT

PRINT: 1 x Mini Advert in JOY! Magazine or JUIG! Tydskrif.
